Hindu Education & Cultural Centre (HEACC)

Hindu Education & Cultural Centre have started working on a mission to establish a Hindu school in the northwest suburb of Oakville near Sydney. HEACC has identified 5 acres of land in Oakville and has deposited ten per cent in February 2023. Intensive fundraising efforts have begun to raise the remaining balance in the next few months.

Australian Independent School, a membership body for not-for-profit schools, has been approached to understand the school registration process. HEACC aims to submit the registration to the curricular body NESA March 2025 and commence school in January 2026.

HEACC needs support from every one of you. For more information, please visit the website www.heacc.org.au. Please donate for the noble cause that will see our next generation reaping the benefits of knowing the Sanatana Hindu dharmic values and culture besides their regular school curriculum

World Hindu Congress 2023

Hindus are a 1.2 billion-strong community, comprising 16% of the world's population with a presence in around 200 countries in the 21st Century. Across the world, Hindus have been leaders and catalysts in all spheres of human endeavour including business, economy, education, governance, media, technology, and culture. As a civilisation, we have always aspired for a Dharmic world that is prosperous, just, and peaceful. However, such aspirations can only be realised if the Hindu leadership - spread across nations, societies, and cultures - comes together to organise and combine its energies for global welfare. [The World Hindu Congress \(WHC\)](#) is the only global platform where this translates into reality.

The WHC enables all Hindu leaders, activists, thinkers, and influencers to come together and work towards a common vision. It provides the Hindus a platform to connect, share ideas and inspire each other for the greater common good. The WHC has been a facilitator for the cultural, social, and material advancement of Hindus. The WHC is also a place where critical issues impacting Hindus worldwide are addressed. These include denial of human rights, discrimination, and downright physical and cultural assaults on the community.

The **World Hindu Congress 2023, Bangkok**, Thailand will be held from **24th-26th November 2023**. The theme is *Jayasya Aayatanam Dharmah*, meaning "Dharma, the Abode of Victory." Seven parallel thematic conferences (Economy, Education, Media, Political, Women, Youth, and Organisations) to articulate the values, creativity, and entrepreneurial spirit of Hindus in all their vibrance and glory will constitute this WHC. The conferences will provide space to discuss and deliberate upon the opportunities and challenges facing Hindus across the world and how to address them valiantly. These conferences will also focus on areas of strategic importance to Hindus and provide avenues for collaboration among Hindu leaders, activists, and thinkers for the Hindu resurgence. The WHC will add to the grand pride of being a Hindu and assume duty and responsibility towards Hindu Dharma fearlessly. Your valuable participation and support will make the global Hindu community achieve a new milestone in building up a strong Hindu society.

We have a restricted number of seats at the Congress. Register yourself NOW for the WHC 2023 at Bangkok and avail of the special Early Bird Pricing. Early bird registration ends on 31st July 2023.
